INSTRUCTIONS TO CLAIMANT.—If the application for Exemption has been dismissed, an order with regard to the time and place at which the man concerned is required to report himself to be placed on active service will be sent to him in due course, and he will be furnished with transportation for his journey to his battalion.

If the Claim for Exemption has been allowed a Certificate of Exemption will be sent to the man within about six weeks. This Certificate will be valid upon the conditions specified or for the time limited by the decision or until the men in the medical category in which the man has been placed are required to again report themselves.

If exemption has been granted until the services of the men of the Medical Category in which the man has been placed are required, and the services of the men in that Medical Category are hereafter called for, an opportunity will then be given to put forward any ground of exemption already urged, as well as any that may arise in the interval.

If you desire to appeal you must give notice in writing of the grounds upon which you base your appeal to "The Registrar under the Military Service Act, 1917" at the place stated above. Such a notice should be in the following form: "I desire to appeal from the decision of
